Seal and insulate your way to savings

Available from January 1 - December 31, 2024

Increase your comfort and save money on your energy bills year round by sealing and insulating your home. The Nicor Gas Energy Efficiency Program offers rebates for air sealing, duct sealing and insulation to help you uncover savings in every crack and crevice of your home.

AIR SEALING	DUCT SEALING
 <p>Air sealing helps close the gaps and holes in your home that cause leaks, reducing unwanted drafts. This increases your home's efficiency, maximizing your comfort.</p>	 <p>Minimize the amount of air lost due to leaks, holes and poor connections in your duct work. Duct sealing increases the overall efficiency of your home and can help lower your energy bills.</p>
Rebate: \$500 per home	Rebate: \$600 per home
WALL INSULATION	ATTIC INSULATION
 <p>Proper levels of insulation can make a big difference, especially during the hottest and coldest months of the year. Adding insulation to your walls helps to minimize heat loss and reduce the load on your HVAC system.</p>	 <p>Adding insulation to your attic helps to minimize heat loss during the winter and prevents heat from entering during the summer. If your home has a R-value of R20 or less, you may qualify for a rebate.</p>
Rebate: \$150-350 per home	Rebate: \$400 per home

Get up to \$1,850 in rebates for your sealing and insulation project!

Effective sealing and insulation can:

- Reduce drafts and air leaks, helping improve temperature control to keep you comfortable all year long
- Lower heating and cooling costs
- Increase HVAC efficiency and reduce wasted energy
- Improve overall air quality inside your home
- Block insects and unwanted pests from entering your home through gaps and holes
- Reduce noise from the outside
- Ensure a sustainable future by lowering ghg emissions/carbon footprint

All work must be completed by a program-approved contractor.

The Nicor Gas Energy Efficiency Program rebate will be provided as an instant discount on your final invoice from your contractor.

Rebate eligibility may vary by project.
