Earn incentives for high-efficiency homes

Available from January 1 - December 31, 2024

The Nicor Gas Energy Efficiency Program provides incentives to builders who construct homes that include the installation of energy-efficient equipment. Builders may earn additional incentives for exceeding Illinois Energy Conservation Code requirements for duct and air sealing. In addition to other great benefits, builders can earn up to \$170 per qualifying home.

Packages		
Incentive	Minimum Requirements	Amount
Prescriptive Package	<ul style="list-style-type: none"> Advanced thermostat* High-efficiency, sealed combustion furnace or boiler (95+ AFUE) 	\$95-\$115 ⁺
Performance: Base Package	<ul style="list-style-type: none"> Duct sealing (2 CFM per 100 sq. ft. for single-family homes, 3 CFM per 100 sq. ft. for townhomes) Air sealing (3.0 ACH50 for single-family homes, 3.5 ACH50 for townhomes) High-efficiency, sealed combustion furnace or boiler (92+ AFUE) 	\$95-\$115 ⁺
Performance: High-Efficiency Package	<ul style="list-style-type: none"> Duct sealing (2 CFM per 100 sq. ft. for single-family homes, 3 CFM per 100 sq. ft. for townhomes) Air sealing (3.0 ACH50 for single-family homes, 3.5 ACH50 for townhomes) High-efficiency, sealed combustion furnace or boiler (95+ AFUE) 	\$125-\$145 ⁺
Thermostat Add-On (Performance Base and High-Efficiency Packages only)	<ul style="list-style-type: none"> Advanced thermostat* 	\$25 ⁺
Verifier Fee**	<ul style="list-style-type: none"> Collect required data and upload to program implementer's online portal 	\$75 per qualified completed home

* Advanced thermostat is any "Wi-Fi" or "learning" thermostat including, but not restricted to, those manufactured by ecobee, Emerson, Honeywell, iDevices, Johnson Controls, Lux and Nest.

** The verifier can be the builder or other entity designated by the builder.

⁺Higher incentive received when installing a gas water heater

Build a strong foundation with Nicor Gas today!

Benefits

- Up to \$170 in incentives
- Builders can verify requirements and earn an additional \$75
- Increased customer satisfaction

Eligibility

To qualify for incentives:

- New homes must be a delivery service customer of Nicor Gas, have natural gas space heating, and a non-atmospherically vented water heater
- Builder or other designated verifier must submit required data electronically to the program implementer
- Incentives are earned based on meeting the requirements of one of the program's incentive packages
