

# Enhancements to your natural gas system in Glenview

Investing in Illinois: A Nicor Gas System Improvement Initiative is a multi-year initiative to modernize aging natural gas infrastructure. Nicor Gas, with its contractor NPL, has been working to modernize the system that delivers natural gas safely and reliably to your neighborhood and we want to keep you informed of the status of our work. **We anticipate this project to begin on July 19, 2023 and conclude by October 31, 2023.**

## Our Progress

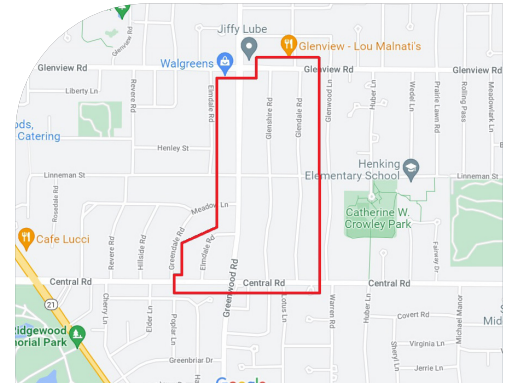

Nicor Gas, with its contractor NPL, has completed the installation of a new natural gas main in your neighborhood as well as new natural gas service lines which connect each customer's property to the natural gas main. Now that the new natural gas service lines have been installed and the new system is connected, we will begin to retire the old system.

## Completing Our Work

Beginning the week of Month Day, Year, we will begin to retire the old system. As we work to retire the old system, Nicor Gas, with its contractor NPL, will be performing a limited number of excavations in the neighborhood to access specific segments of natural gas main as needed. We are utilizing temporary restoration to ensure that all areas affected during the retirement process are safe for residents as we work to finish the project. We anticipate this project to conclude by Month Day, Year.

## Restore Landscaping & Pavement

We understand that you value the appearance of your property. Permanent restoration will be completed once this project is finished. We apologize for the inconvenience, but please know that we are committed to restoring the street and parkway to the same or better condition than when the project started.

## Areas Affected

- 601 – 622 Elmdale Road
- 601 – 916 Glendale Road
- 601 – 916 Glenshire Road
- 601 – 909 Greenwood Road
- 3101 & 3301 Linneman St.
- 3301 – 3302 Meadow Lane

Most of the excavations involved in the project will take place within the parkway with some small holes being required on customers' properties to install and connect each customer's new natural gas line to the new main.

If your address is not listed, you have received this newsletter to inform you of work being performed in your neighborhood.

## For Your Safety

These improvements are part of the Natural Gas Consumer, Safety & Reliability Act and costs are recovered under the Qualified Infrastructure Charge. All Nicor Gas employees and contractors will have Nicor Gas, AGL Resources or Southern Company Gas-issued ID cards and will present them if requested. The Nicor Gas contractor working on this project is NPL.

## Our Commitment

We take great care in implementing construction practices that limit disturbances and we understand your time is valuable. We appreciate your understanding and thank you for allowing us to continue to provide you with safe and reliable natural gas service.
