

Inspect Sewers

Identify New Meter Location & Utilities

During this step, water, sewer, electric and cable utilities will also be located and identified with spray painted markings and colored flags. It is important that these markings always remain visible for your safety. Private utility lines, such as sprinkler systems, are your responsibility to identify and mark at the time other utilities are marked.

Install the Natural Gas Main & Natural Gas Line

Connect the System & Retire Facilities

Restore Landscaping & Pavement

We understand that you value the appearance of your property. Nicor Gas will restore landscaping and paving impacted by our construction to the condition in which we found it. Temporary restoration of some areas may be necessary until permanent restoration can be completed.

For Your Safety

All Nicor Gas employees and contractors will have Nicor Gas, AGL Resources or Southern Company Gas-issued ID cards and will present them if requested. The Nicor Gas contractor working on this project is NPL.

Our Commitment

A map of the Lincoln Avenue area in St. Mary's Parish. The map shows several streets including Becking Ave, Quinlan Ln, W Judd St, and N Tryon St. A red rectangle highlights a section of Lincoln Ave, indicating the proposed bus stop location. Other landmarks shown include a playground, St. Mary's School, St. Mary's Catholic Church, and the Woodstock Public Library. A red dot on Lincoln Ave near W Judd St is labeled 'Neat Feet'.

Areas Affected

If your address is listed, you have received this newsletter to inform you of work being performed in your neighborhood.
