Take advantage of savings on qualifying equipment, services and products for your agricultural property.

Follow three simple steps to receive your rebate:

1. Find a contractor

- All products must be professionally installed. Find a contractor at nicorgas.com/findacontractor

2. Select and install qualifying equipment or service

- Install qualifying products or improvements between January 1, 2026 and December 31, 2026. Review all eligibility requirements, terms and conditions and the qualifying product list (if applicable) to confirm eligibility.

3. Start saving

- Apply for rebates online, or print and mail the application.
- Submit your application, including the contractor invoice and supporting documents, within 90 days of installation or by January 31, 2027, whichever comes first.
- You will receive the rebate in approximately six to eight weeks when a completed application and required documents are received for a rebate qualifying product.

For a full list of qualifying products and more ways to save, visit nicorgas.com/bizrebates or call **877.886.4239** to learn more.
