

Important information

about work in your area

Dear Valued Customer,

Nicor Gas will be completing a public improvement project in your neighborhood. As part of this work, we will be replacing gas service lines. To complete this work, we must open small holes in the parkway and near your meter to safely access the main and replace the service line that connects the natural gas main to your property.

The project is expected to begin in mid-April and conclude in October. During this work, your natural gas service will be off for approximately four hours. You will receive an additional communication closer to the project start date in your immediate area. If you are unable to be home, please contact Nicor Gas at 888-642-6748 to restore your service at a time that is convenient for you.

We take great care in implementing construction practices that limit disturbances and we understand your time is valuable. We apologize for any inconvenience you may experience while we perform this necessary work. We appreciate your understanding and thank you for allowing us to continue to provide you with safe and reliable natural gas service.

Areas Affected

1095 – 1002 Florida Lane
1024 – 1009 Georgia Drive
1038 – 1007 Alabama Drive
1021 – 1011 Mobile Circle
1698 – 1615 Virginia Drive

For Your Safety

All Nicor Gas employees and contractors will have Nicor Gas, AGL Resources or Southern Company Gas-issued ID cards and will present them if requested.

Restore landscaping & pavement

We understand that you value the appearance of your property. Nicor Gas, or one of its contractors, will restore landscaping and paving impacted by our construction to the condition in which we found it. Temporary restoration of some areas may be necessary until permanent restoration can be completed.
