Any discounted rate provided hereunder shall be, at all times, between the minimum and maximum rates applicable to the service provided under this Agreement and shall be adjusted, as necessary, to comply with this condition. If any rate component herein which was equal to or within such minimum and maximum rates at the time this form is executed subsequently exceeds the applicable maximum rate or is below the applicable minimum rate due to a change in Transporter's maximum rates and/or minimum rates, so that such rate component must be adjusted upward or downward to equal the new applicable maximum or minimum rate, then other rate components for the same service or different services may be adjusted upward or downward to achieve the agreed upon overall Charge, so long as none of the resulting rate components exceed the maximum rate or are below the minimum rate applicable to the rate component. Such changes to rate components shall be applied prospectively, commencing on the date Transporter files revised tariff sheets with the Federal Energy Regulatory Commission. However, nothing contained herein shall be construed to alter a refund obligatic
