Efficiency improvements 2024 Commercial rebate application

Rebates for qualifying equipment, products or services installed between January 1, 2024 and December 16, 2024.

Rebates are available to Nicor Gas commercial customers who have natural gas distributed by Nicor Gas and have one of the following rate classes:

- · Private sector
- · Public sector
- Multi-family properties (3 units or more)

Note: Certain large industrial customers are not eligible

Get	ready:	

Review all eligibility requirements and terms and conditions. Collect all required information to complete your application.

Get started:

Submit within 90 days of installation/service, or by January 31, 2025, whichever comes first.

Apply online at **nicorgas.com/apply**

OR download and mail completed and signed application, invoice and supporting documents to:

Nicor Gas Attn. Energy Efficiency 24-59065 P.O. Box 540071 El Paso, TX 88554-0071

Get your rebate:

Rebates are delivered in six to eight weeks when a complete application and all required documents are received and approved for a rebate qualifying product.

To check the status of your rebate, visit **nicorgas.com/status.**

Need help? Call us at **877.886.4239** (Mon.–Fri., 8 a.m. to 5 p.m.) or email **eeinfo@nicorgas.com**

Product information

Provide the following information for the equipment installed, as listed on the receipt/invoice. Verify invoice is legible and includes all the information listed on page seven. If any information is illegible or missing, contact your contractor to get the correct information before submitting your application. Incorrect or missing information will delay processing your rebate. If you are applying for more than one type of product or equipment rebate, complete and submit additional copies of applicable pages as needed.

Nicor Gas Energy Efficiency Program rebate terms and conditions

Participant eligibility

You are eligible to participate in the Nicor Gas Energy Efficiency Program ("the program") if you are a current Nicor Gas:

- Commercial customer and complete qualifying services or complete installation of qualifying equipment/products in a non-residential space with an active Nicor Gas account when the installation/improvement was completed.
- Customers as outlined in Section 8-104(m) of the Illinois Public Utilities Act are ineligible to participate in Nicor Gas energy efficiency offerings. More specifically, those customers are described as customers that have a North American Industry Classification System code number that is 22111 or any such code number beginning with the digits 31, 32, or 33 and (i) annual usage in the aggregate of 4 million therms or more within the Nicor Gas territory or with aggregate usage of 8 million therms or more in Illinois; or (ii) using natural gas as feedstock and meeting the usage requirements described in item (i) of subsection (m), to the extent such annual feedstock usage is greater than 60% of the customer's total annual usage of natural gas.

OR

 Residential customer in a multi-family building that has permanent or semi-permanent residents. Multi-family buildings have three or more units and are limited to apartments, condominiums, assisted living facilities and retirement communities.

Installation requirements

Your installation of qualifying high-efficiency natural gas equipment/products or completion of a qualifying service is eligible for a rebate if:

- It meets all specific energy efficiency and program requirements outlined in this
 application.
- The equipment/product is purchased new. Resale equipment/products, new parts installed in existing equipment/products, or equipment/products that are leased, rebuilt, rented, received from insurance or warranty claims or won as a prize do not qualify.
- Natural gas equipment/product replacing electric equipment/product and electric equipment/product replacing natural gas equipment/product is not eligible.
- For existing facilities, the qualifying natural gas equipment/product installed is replacing existing natural gas equipment/product used for the same purpose.
- For new facilities, including new construction and projects involving a major remodel or demolition and renovation, qualifying equipment/product must meet all other program qualifications.
- It is installed or the service is completed by a qualified individual, compliant with all
 applicable building, local and state codes and manufacturer specifications. Installations
 must adhere to applicable environmental, health and safety regulations, and the
 equipment/product must be properly ventilated (if applicable). Professional installation
 is not required but is strongly recommended to ensure the efficient and proper
 functioning of equipment/product.
- The equipment/product is installed and operational and the service was completed at the address listed on the application prior to submittal of this application.
- It is installed or completed in a property owned by the applicant, or the applicant has
 received permission from the property owner to install the equipment/product or
 complete the qualifying service. The applicant's signature on the application and/or
 invoice indicates that the appropriate permission has been obtained.
- It is purchased and installed or service is completed between January 1, 2024 and December 31, 2024.

Application requirements

To be considered complete and eligible for rebates, all applications must:

- Be postmarked or submitted online no later than 90 days after the installation date, or by January 31, 2025, whichever comes first.
- · Include itemized contractor invoice(s) or proof of purchase receipt(s) consisting of
 - Contractor name, address and phone number
 - Business/account holder name and installation address
 - Installation date (clearly labeled)
 - Type of equipment, manufacturer, model and serial number
 - Total installed cost (itemized by each piece of qualifying equipment)
 - Proof of payment or payment terms (for example: balance due of zero, financing terms or paid-in-full stamp)
- · Include all required supporting documentation.
- · Meet instant discount requirements, if applicable
- Be signed by the Nicor Gas account holder unless the rebate is being made payable to a Contractor Circle installing member.
- · Use separate applications if applying for products installed by different contractors.

Online applications must be:

- · Submitted online at nicorgas.com/apply
- Accompanied by a copy of the required contractor invoice(s) or receipt(s) and other required documentation.

Payee information

- The program allows the rebate check to be made payable to one of the following: Nicor Gas account holder, landlord or current Contractor Circle installing member.
- If you are the account holder and want the rebate check to be made payable to you, please complete the rebate application, provide the required supporting documentation listed on the rebate application and sign as the "Applicant."
- In the event a rebate check made payable to the account holder remains uncashed for longer than 90 days, Nicor Gas reserves the right to cancel the check and credit the account holder's active natural gas account.
- To have the check made payable to the landlord (who is not the account holder) or the
 installing contractor (i.e., a Contractor Circle installing member who provided the rebate
 as an instant discount), please review all requirements for applications submitted by a
 landlord or contractor.

 To receive a rebate you must not have received/will not receive a rebate for the same equipment, product or service from more than one Illinois investor-owned utility or thirdparty energy efficiency program offering rebates or financing funded with ratepayer funds, with the exception of qualifying joint ComEd/Nicor Gas rebate offers.

Contractor Circle installing member instant discount requirements

Rebates being paid directly to the installing contractor must meet the following requirements:

- Instant discounts may only be offered by current Contractor Circle installing members that meet all program requirements.
- · Contractor must submit:
 - A contractor signed rebate application with "Contractor Circle installing member" selected as the payee.
 - Any additional required documentation for the specific measure/service installed.
 - A copy of the customer-signed invoice showing the rebate amount deducted from the total purchase price and clearly labeled as a Nicor Gas Energy Efficiency Program rebate. The customer's signature on the invoice verifies that the qualifying equipment/product was/were installed, the customer received an instant discount and allows the release of the rebate payment to the contractor.
- Contractor Circle installing members must verify customer, equipment/product and installation or service eligibility prior to providing an instant discount. The contractor assumes all liability by providing the rebate as an instant discount.
- A customer may be contacted by Nicor Gas to verify any of the information provided on the rebate application or invoice prior to payment of a rebate to a contractor for an instant discount.
- Any dispute from a customer regarding receipt of a rebate as an instant discount will be investigated by Nicor Gas, and contractor payees are subject to payment adjustments in the event a customer has not received the full and correct rebate amount as an instant discount.
- Contractor Circle installing members are responsible for providing the full and correct rebate amount for qualifying equipment or products.
- The online instant discount application is limited to Contractor Circle installing members. Contractors should visit nicorgas.com/installer for more information or to enroll

Landlord participant requirements

If you are applying for a rebate for a property you own, but the Nicor Gas account is in your tenant's name, your rebate application must show:

- · Tenant's (customer's) Nicor Gas account number, name and address
- The appropriate box checked for the rebate to be paid to the landlord, with full name or business name in the proper fields.

By signing the application, the landlord represents that the account holder has agreed to release payment of the rebate to the landlord.

Program terms and conditions

- Funds are limited and applications are processed on a first-come, first-serve basis.
 Program is subject to change and may end without prior notice.
- · Please allow approximately six to eight weeks for processing of any rebates.
- Incomplete applications cannot be processed. Failure to complete the rebate
 application in full and provide the required supporting documentation will either delay
 the payment process or result in your application being denied.
- Maintain a copy of your rebate application and all supporting documentation.
 The program is not responsible for items (i.e., rebate applications, supporting documentation and/or rebate checks) lost or damaged in the mail.
- Contractor Circle installing members are eligible to have the rebate signed over to them.
 Contractors receiving rebates are not eligible for any other incentives for the same services or products.
- If you do not own the property where the equipment or product is installed or the service provided, as a tenant, you are responsible for obtaining the property owner's permission to provide the service or to install the equipment/product for which you are applying for a rebate. Your submission of this application indicates that you have obtained permission.
- Rebate incentives may not exceed the total purchase price of the installed equipment, product or services. Only materials, equipment, product and external labor costs are eligible.
- All equipment or product installations are subject to verification by the program to ensure that the equipment/product installed or service completed meets the program requirements.
- Participants must allow, if requested, the program (or a program representative) reasonable access to their facility to verify that the equipment/product is installed and operating or that the service has been performed.
- Participants may be contacted by an evaluator to verify the equipment/product installation or services, or be asked to complete a customer survey. If contacted, your participation is required.
- Nicor Gas, its officers, employees, contractors and program administrators disclaim any and all liability, loss or damage and make no guarantees related to:
 - Participation in the program, including use or installation of the product(s)/ equipment or receipt of services
 - Loss or delay of rebate check in the mail
 - Any taxes that may be imposed as a result of participation in the program
- Payments made to contractors, commercial customers or landlords may be taxable under federal and state tax codes. If payments total more than \$600 per calendar year, they will be reported to the Internal Revenue Service. Nicor Gas is not responsible for providing advice regarding any taxes that may be imposed as a result of participation in the Nicor Gas Energy Efficiency Program. Participants should consult a tax accountant or advisor regarding potential tax liability. Nicor Gas is not responsible for any taxes that may be imposed on your business as a result of these payments.
