

Getting Started

Help Us Help You on the "Pathway to YES!"

For more than 160 years, Nicor Gas and its legacy companies have been an integral part of northern Illinois, delivering natural gas safely and reliably to more than 2.1 million customers in more than 650 communities. Nicor Gas is dedicated to leveraging its own assets and resources to improve the economic well-being and quality of life in the communities we serve, and to bring together key stakeholders and public policy leaders in Illinois to address issues and promote economic growth.

As an economic development professional, you know all too well that development doesn't happen overnight. The "Pathway to YES!" is Nicor Gas' solution to help you get your project up and running as quickly as possible. Our commitment to you is to facilitate the completion of your project in the most cost-effective, timely and competitive way. If you are planning on locating your business in Illinois, or expanding an existing business, we are here to help.
