

2022 Residential rebate application

Rebates are available for qualifying products purchased and installed between January 1, 2022 and December 31, 2022. Complete all fields on the application, sign and submit with supporting documents.

Get ready:

Review the eligibility requirements and terms and conditions to verify that you are eligible for a rebate. Collect all required information to complete your application.

Get started:

All applications must be postmarked within 90 days of installation or by January 31, 2023, whichever comes first. Complete, sign and mail the application and invoice and other supporting documents to:

Nicor Gas
Attn: Energy Efficiency
22-59061
P.O. Box 540071
El Paso, TX 88554-0071

Get your rebate:

You will receive the rebate in approximately six to eight weeks when a completed application and the required documents are received for a rebate qualifying product.

To check the status of your rebate, visit nicorgas.com/status.
Need help? Call us at **877.886.4239** (Mon.–Fri., 8 a.m. to 5 p.m.) or email eeinfo@nicorgas.com

▶ Customer information (as it appears on account)

Nicor Gas account number Please write the first 10 digits of your account number. Include any leading zeros but do not include dashes.

▶ Applicant signature

With my signature below, I hereby certify that:

- The participant has not/will not receive a rebate for the same product, with the exception of qualifying joint ComEd/Nicor Gas rebate offers.
- The energy-efficient product was paid for as reflected on the invoice, is installed and is operational.
- The information contained in this application is accurate and complete.
- All rules of this rebate program have been followed. Equipment/service has met all product eligibility requirements and the terms and conditions within this document.
- I have read and understand the terms and conditions included within this document.
- I understand that rebates are based upon eligibility and verification of information provided in this application and supporting documents, and is subject to funding availability.

What did you install?

Provide the following information for the equipment installed (as listed on invoice). Verify your invoice/receipt is legible and includes all the information listed on page three. If any information is illegible or missing, contact your contractor to get the correct information before submitting your application. **If you are applying for more than one furnace, boiler, combination boiler or tankless water heater, print and complete additional copies of this page (smart thermostats are excluded).**

► Smart thermostat

Check one:

- Smart thermostat
Limit one per account

Rebate

\$25

Product information

Provide the following information for the smart thermostat installed:

Install date	Manufacturer	Model number
<input type="text"/>	<input type="text"/>	<input type="text"/>

Serial number I installed the thermostat myself

Type of existing natural gas heating system: Furnace Boiler

What did the thermostat replace? Programmable thermostat, set to program
 Programmable thermostat, set to "hold" Manual thermostat

Eligibility requirements

- **Limit: One (1) Nicor Gas rebate per household or account.**
- The thermostat must be installed on a system with residential-sized natural gas space heating equipment with an input capacity of < 300 MBTUH.*
- Only smart thermostats approved by the Nicor Gas Energy Efficiency Program are eligible for a rebate. For a list of qualifying smart thermostats, visit nicorgas.com/smartstat
- Smart thermostats must be installed in a home with a working Wi-Fi connection
- Smart thermostats replacing programmable thermostats qualify for the smart thermostat rebate.
- An additional rebate may be available from your electric utility. Contact your electric provider for details.

► Furnace

Check one:

- ≥ 97% AFUE furnace
 ≥ 95% AFUE furnace

Rebate

\$225

\$200

Product information

Provide the following information for the furnace installed (as listed on invoice):

Install date	Manufacturer	Model number
<input type="text"/>	<input type="text"/>	<input type="text"/>

Serial number

Eligibility requirements

- The rebate amount is determined by the Annual Fuel Utilization Efficiency (AFUE) rating of the qualifying furnace.

* MBTUH = Thousand British Thermal Units per Hour

► Boiler

Check one:

≥ 95% AFUE boiler

Rebate

\$350

Product information

Provide the following information for the boiler installed (as listed on invoice):

Install date	Manufacturer	Model number
<input type="text"/>	<input type="text"/>	<input type="text"/>
Serial number		
<input type="text"/>		

Eligibility requirements

- Only residential-sized boilers with an input capacity of < 300 MBTUH* are eligible.

► Combination boiler

Check one:

Boiler and integrated domestic hot water

Rebate

\$500

Product information

Provide the following information for the combination boiler installed (as listed on invoice):

Install date	Manufacturer	Model number
<input type="text"/>	<input type="text"/>	<input type="text"/>
Serial number	Total installed cost (per combi boiler)	Input capacity (MBTUH*)
<input type="text"/>	<input type="text"/>	<input type="text"/>

Eligibility requirements

- Only residential-sized boilers with an input capacity of < 300 MBTUH* are eligible.
- Minimum boiler efficiency for eligible new equipment is 95% AFUE.
- The combination boiler must have a sealed combustion unit and be capable of modulating the firing rate and must be accompanied by a programmed outdoor reset control.
- Measures that do not qualify for this incentive include boilers with a storage tank and redundant or backup boilers.

► Tankless water heater

Check one:

Tankless water heater

Rebate

\$150

Product information

Provide the following information for the tankless water heater installed (as listed on invoice):

Install date	Manufacturer	Model number
<input type="text"/>	<input type="text"/>	<input type="text"/>
Serial number	Total installed cost (water heater)	
<input type="text"/>	<input type="text"/>	

Eligibility requirements

- Only residential gas tankless water heaters ≤ 75 MBTUH* are eligible.
- Must meet UEF† ≥ .87.
- Must meet ENERGY STAR® standards.
- Tankless water heater must be a whole home unit.

* MBTUH = Thousand British Thermal Units per Hour

† UEF = Uniform Energy Factor

► Attach invoice or receipt

Verify your invoice/receipt is legible and includes all of the information listed on the right.

Don't forget to submit a legible copy of the itemized invoice/receipt which must include:

- Account holder name and installation address (as it appears on Nicor Gas bill)
- Contractor name and contact information (if applicable)
- Date installed and operational (clearly labeled)
- Type of equipment, manufacturer, model and serial number
- Total cost of installation (itemized for each rebate qualifying product)
- Proof of payment or payment terms (e.g., balance due of zero, financing terms or paid-in-full stamp)
- For Contractor Circle installing members providing the rebate as an instant discount:** Include a customer-signed invoice showing the rebate amount deducted from the purchase price, clearly labeled as a Nicor Gas Energy Efficiency Program rebate. Other discounts or rebates unrelated to Nicor Gas should be shown as a separate line item. If you are not able to get the customer signature on the invoice/receipt, have the customer complete and sign the invoice checklist and submit with the rebate application and the final invoice/receipt.

Nicor Gas Energy Efficiency Program rebate terms and conditions

Participant requirements

You are eligible to participate in the Nicor Gas Energy Efficiency Program ("the program") if you are:

- A current residential customer of Nicor Gas when the project was completed.
- A customer of a Nicor Gas Contractor Circle installing member.
- Installing qualifying energy-efficient products in a residential dwelling used as a primary residence, and has not received a rebate through other Nicor Gas offerings.

Product and installation requirements

Your installation of a qualifying energy-efficient natural gas product is eligible for a rebate if it:

- Meets all rebate-specific energy efficiency and program requirements.
- Is purchased new. Resale products, new parts installed in existing products or products that are leased, rebuilt, rented, received from insurance or warranty claims or won as a prize do not qualify.
- Is replacing an existing natural gas product used for the same purpose (applicable only to installations completed in existing homes; natural gas products replacing electric products and electric products replacing natural gas products are not eligible).
- Is installed by a professional contractor compliant with all applicable building, local and state codes, and manufacturer specifications. Installations must adhere to applicable environmental, health and safety regulations and product must be properly ventilated (if applicable). Smart thermostats do not require professional installation, but it is strongly recommended to ensure the efficient and proper functioning of the equipment/product.
- Is installed and operational at the address listed on the application prior to submittal of this application.
- Is installed in a single-family dwelling or a multi-family dwelling with two units or less.
- Is installed in a property owned by the applicant, or the applicant has received permission from the property owner to install the product. The applicant's signature on the application and/or invoice indicates that the appropriate permission has been obtained.
- Is purchased and installed from January 1, 2022 to December 31, 2022.
- Is installed to operate with compatible natural gas heating system with an internet connection via Wi-Fi connected prior to submitting this application (for smart thermostats).
- Is authorized by the customer receiving a smart thermostat rebate from Nicor Gas to allow the release of any usage data (if applicable), including name and address, to any contractor or other vendor providing services or support under this program.
- Is a smart thermostat that replaces a manual-only or programmable thermostat and has the default enabled capability—or the capability to automatically establish a schedule of temperature set-points according to driving device inputs above and beyond basic time and temperature data of conventional programmable thermostats.
- Is a smart thermostat capable of two-way communication that exceeds the typical performance of manual and conventional programmable thermostats through the automatic or default capabilities described above.

Application requirements

To be considered complete and eligible for rebates, all applications must:

- Be postmarked or submitted online no later than 90 days after the installation date, or by January 31, 2023, whichever comes first.
- Include contractor invoice(s) or receipt(s), showing:
 - Account holder name and installation address
 - Contractor name, address and phone number
 - Installation date (clearly labeled)
 - Type of equipment, manufacturer, model and serial number
 - Total cost of installation (itemized for each rebate qualifying product)
 - Proof of purchase or payments terms (balance due of zero, financing terms or paid-in-full stamp)
- Be signed by the Nicor Gas account holder unless the rebate is being made payable to a landlord or a Contractor Circle installing member.
- Meet instant discount and/or landlord participant requirements, if applicable.
- Use separate applications if applying for products installed by different contractors.

Online applications must be:

- Submitted online at nicorgas.com/apply
- Accompanied by a copy of the required contractor invoice(s) or receipt(s).

Payee information

- Nicor Gas Prepaid Mastercard®/Virtual Account is issued by MetaBank®, Member FDIC, pursuant to license by Mastercard International Incorporated. Mastercard is a registered trademark, and the circles design is trademark of Mastercard International Incorporated. No cash or recurring payments. Card can be used where Debit Mastercard is accepted. Virtual Account can be used online or in stores that accept mobile wallet where Debit Mastercard is accepted. Unused funds will forfeit after the valid thru date. Terms and conditions apply.
- Nicor Gas Prepaid Mastercard/Virtual Account are only available directly to customers.
- The program allows the rebate check to be made payable to one of the following: Nicor Gas account holder, landlord or approved Contractor Circle installing member.

- If you are the account holder and want the rebate check to be made payable to you, please complete the rebate application, provide the required supporting documentation listed on the rebate application and sign as the "Applicant."
- In the event a rebate check made payable to the account holder remains uncashed for longer than 90 days, Nicor Gas reserves the right to cancel the check and credit the account holder's active natural gas account.
- To have the check made payable to the landlord (who is not the account holder) or the installing contractor (i.e., a Contractor Circle installing member who provided an instant discount), please review all requirements for applications submitted by a landlord or contractor.

Contractor Circle instant discount requirements

- Instant discounts may only be offered by approved Contractor Circle installing members that meet all program requirements.
- Contractor must submit:
 - A Contractor Circle installing member-signed rebate application
 - A customer-signed and dated invoice showing the rebate amount deducted from the purchase price, clearly labeled as a Nicor Gas Energy Efficiency Programs rebate. If you are not able to get the customer signature on the invoice/receipt, have the customer complete and sign the invoice checklist and submit with the rebate application and the final receipt/invoice.
- Contractor Circle installing members must verify customer, product and installation eligibility prior to providing an instant discount. The contractor assumes all liability by providing the rebate as an instant discount.
- A customer may be contacted by Nicor Gas to verify any of the information provided on the rebate application or invoice prior to payment of a rebate to a contractor for an instant discount.
- Any dispute regarding customer's receipt of a rebate as an instant discount will be investigated by Nicor Gas, and contractor payees are subject to payment adjustments in the event a customer has not received the full and correct rebate amount as an instant discount.
- Contractor Circle installing members are responsible for providing the full and correct rebate amount for a qualifying product.
- The online instant discount application portal is limited to Contractor Circle installing members. Contractors should visit nicorgas.com/contractor-circle for more information or to enroll.

Landlord participant requirements

If you are applying for a rebate for a property you own, but the Nicor Gas account is in your tenant's name, page one of your rebate application must show:

- Tenant's (customer's) Nicor Gas account number, name and address.
- The appropriate box checked for the rebate to be paid to the landlord, with full name or business name in the proper fields.

By signing the application, the landlord represents that the account holder has agreed to release payment of the rebate to the landlord.

Program terms and conditions

- Funds are limited and applications are processed on a first-come, first-serve basis. Program is subject to change and may end without prior notice.
- Please allow approximately six to eight weeks for processing of any rebates.
- Incomplete applications cannot be processed.
- Failure to complete the rebate application in full and provide the required supporting documentation will either delay the payment process or result in your application being denied.
- Maintain a copy of your rebate application and all supporting documentation. The program is not responsible for items (e.g., rebate applications, supporting documentation and/or rebate checks) lost or damaged in the mail.
- Contractor Circle installing members are eligible to have the rebate signed over to them. Contractors receiving rebates are not eligible for any other incentives for the same products.
- If you do not own the property where the product is installed, as a tenant, you are responsible for obtaining the property owner's permission to install the product for which you are applying for a rebate. Your submission of the application indicates that you have obtained permission.
- Rebate incentives may not exceed the total purchase price of the installed product. Only materials, products and labor costs are eligible.
- All product installations are subject to verification by the program.
- Participants must allow, if requested, the program (or a program representative) reasonable access to their home to verify the rebated product has been installed.
- Participants may be contacted by an evaluator to verify the product installation or be asked to complete a customer survey. If contacted, participation is required per the terms and conditions of the program.
- Nicor Gas, its officers, employees, contractors and program administrators disclaim any and all liability, loss or damage and make no guarantees related to:
 - Participation in the program, including use or installation of product(s)
 - Loss or delay of rebate check in the mail
 - Any taxes that may be imposed as a result of participation in the program
- Payments made to contractors, business customers or landlords may be taxable under federal and state tax codes. If payments total more than \$600 per calendar year, they will be reported to the Internal Revenue Service. Nicor Gas is not responsible for providing advice regarding any taxes that may be imposed as a result of participation in the Nicor Gas Energy Efficiency Program. Participants should consult a tax accountant or advisor regarding potential tax liability. Nicor Gas is not responsible for any taxes that may be imposed on your business as a result of these payments.
