 Boiler and integrated domestic hot water	 UEF [‡] ≥ .87	 Air sealing Attic insulation Wall insulation Duct sealing
Rebate: \$500	Rebate: \$150	Rebate: \$225 Rebate: Up to \$500 Rebate: Up to \$350 Rebate: \$500

Bonus Rebate

Get an extra \$25 when
you apply for both a
smart thermostat and furnace
rebate on the same application.

No matter where
you are in your energy
efficiency journey, we
make it easier to save.

*Air sealing and insulation improvements must be
completed by a program-approved contractor to
qualify for a rebate.*

* Limit one rebate per account

[†] AFUE = Annual Fuel Utilization Efficiency

[‡] Uniform Energy Factor

Start saving right away

When you work with program-approved contractor, you can receive your rebate as an instant discount instead of having to apply for the rebate yourself.

- Ask your contractor about instant discounts for the equipment you are installing.

Note: Air sealing and insulation rebates are only available as an instant discount directly on your invoice.

Multi-family properties may be eligible for rebates too!

Multi-family properties must consist of three or more units, have permanent or semi-permanent tenants, and be an apartment, condominium, assisted living facility or a retirement home. Find a list of eligible rebates at [nicorgas.com/bizrebates](https://www.nicorgas.com/bizrebates)

Find a Contractor

With more than 400 local contractors listed, you're sure to find someone who can help near you.
