Program

FREE ways to save money and energy in your home

The Nicor Gas Energy Efficiency Program offers a variety of ways to help you **save money, reduce energy use, and stay comfortable at home.**

FREE HOME ASSESSMENTS

Start your energy efficiency journey by completing a free home assessment. If you qualify, an energy advisor will visit your home for a personalized walkthrough, providing free energy-saving products and tailored recommendations to help you save even more.

FREE WEATHERIZATION SERVICES

Based on the results of your home assessment, you may qualify for additional free weatherization services such as air sealing, attic and wall insulation, furnace repair or replacement, and more. Our team will explain the details and outline the next steps during your visit.

FREE ENERGY-SAVING KITS

Order one of our free kits to receive energy-saving products that you can install in your home to save even more money and energy.

Visit [nicorgas.com/savetoday](https://www.nicorgas.com/savetoday) or call **877.886.4239** to learn more.

Eligibility requirements:

To qualify for some of the free offerings, you must be a Nicor Gas customer at or below 80% of median income (AMI).

Refer to the income eligibility guidelines below for specific household size and income level guidelines.

You may already qualify if you have received:

- Supplemental Security Income (SSI) or disability benefits
- Low Income Home Energy Assistance Program (LIHEAP) grants
- Temporary Assistance for Needy Families (TANF) benefits
- Section 8 rental assistance

Annual Income eligibility guideline*

| Household size | 80% AMI | Monthly |
|----------------|-----------|----------|
| 1 | \$67,150 | \$5,596 |
| 2 | \$76,750 | \$6,396 |
| 3 | \$86,350 | \$7,196 |
| 4 | \$95,900 | \$7,992 |
| 5 | \$103,600 | \$8,633 |
| 6 | \$111,250 | \$9,271 |
| 7 | \$118,950 | \$9,913 |
| 8 | \$126,600 | \$10,550 |
| 9 | \$134,300 | \$11,192 |
| 10 | \$141,950 | \$11,829 |

* Income maximums vary by county.
